What is enaé ? 甚麼是安希系？

Enaé is the name given to mortars with a reduced carbon footprint and/or a reduced content of virgin non-renewable virgin raw materials.

To qualify for use enaé, mortars must demonstrate a minimum **20%** reduction in carbon footprint and/or contain at least **15%** less non-renewable virgin raw materials compared to the previous or standard version of the product, assessed across its entire lifecycle.

偉伯最新研發的安希 (enaé) 砂漿系列，不單減少使用不可再生原材料，在低碳足跡方面更有優異表現。

要符合 enaé 的使用標準，砂漿產品在整個產品生命週期中，須相較於其先前版本或標準版本的碳足跡減少 **20%** 以上；或原始不可再生原材料的使用量減少 **15%** 以上。

The weberset light plus enaé is a lightweight cementitious tile adhesive with innovative and latest materials technology. It is designed with patented advanced materials technology, giving a super lightweight, yet high performance and strong polymerised thin bed adhesive for tiling applications.

偉伯輕量柔韌瓷磚粘結劑 (安希系) 是一款輕質水泥瓷磚粘結劑，融合創新與先進材料科技，打造出超輕量、高效能的瓷磚粘結劑。

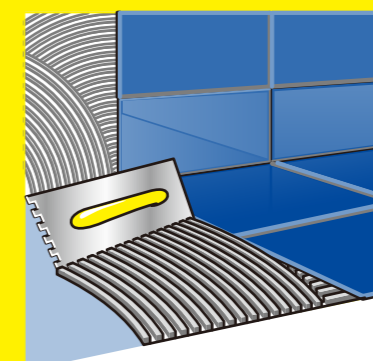

Weber's new Comfort Engineered tile adhesive is designed to elevate your working day—without compromising the trusted performance you rely on.

With a smooth, effortless application that feels surprisingly enjoyable, this adhesive reduces fatigue, speeds up installation, and makes every job more satisfying. Plus, it's C2TE classified, delivering high bond strength and extended open time for superior results and greater flexibility on site.

偉伯研發的舒適工學系列瓷磚膠，讓您施工時更輕鬆省力，同時保留偉伯一貫的高性能品質。

偉伯輕量柔韌瓷磚粘結劑 (安希系) 塗抹手感順滑，相比傳統水泥基瓷磚膠產品更易推刮，能有效減少疲勞、加快施工速度，讓每一次貼磚都更輕鬆。更重要的是符合 C2TE 等級標準，具備高粘結力與長晾置時間，為現場施工提供更大彈性與更佳成果。

weberset light plus enaé

Advanced Lightweight Cementitious Tile Adhesive

- Tiling for various-sized tiles and stones
- For interior and exterior wall and floor tiling
- For tiling on gypsum boards, fibre-cement boards, and drywall systems primed with weberprim moisture sealer
- Comply with the latest European Norm requirements
- Patented technologies in the EU, US and HK
- Superior lightweight and thermal insulation properties
- Low-VOC

LIGHT WEIGHT
輕質建材

LOW CO₂ EMISSIONS
低碳排

偉伯輕量柔韌瓷磚粘結劑 (安希系)

先進輕質水泥基瓷磚粘結劑

- 各種尺寸瓷磚及石材的鋪貼
- 適合室內外牆面及地面鋪磚
- 適用於經偉伯防潮界面劑處理過的石膏板、纖維水泥板及乾牆系統的鋪磚
- 配方符合最新歐洲標準要求
- 在歐盟、美國及香港獲得專利技術認可
- 超輕質及優異的隔熱性能
- 低揮發性有機化合物

LESS IRRITATING
低刺激性

EASY TO APPLY
容易施工
